

SUPREME GREEN ROASTING INNOVATION

OUR PROMISE IS IN EVERY BEAN:

- We're growing, and just like the coffees we buy, we're doing it Eco-Friendly.
- Our NEW coffee roaster has the lowest environmental impact of any coffee roaster on the market.

we're calling it...

ECO ROASTED

by The Supreme Bean

- 85% lower Co2 emissions: All of our coffees now have the lowest carbon footprint of any of our competitors nationwide.
- Zero particulate emissions: No dust or gunk goes into the air we all breath.
- Lower fossil fuel consumption: 2/3 reduction in our natural gas use.
- One of a kind roast precision: We have the most innovative computer assisted roast profiling system available so your coffee isn't just better for the environment, it's better every time you drink it!

**Better for our customers. Better for our community.
Better for our planet!**
